WORK EXPERIENCE

Project Manager Sep 2024 - Present
The Digital Bricks Karachi, Pakistan

Jr DevOps Engineer Dec 2023 – Aug 2024
Contour Software Pvt. Ltd Karachi, Pakistan

- Reduced the sprint backlog by **50%** through weekly planning and grooming sessions for product lifecycle improvement, using story points in JIRA.
- Reduced monthly Infrastructure operations cost by **\$2500** by provisioning and managing AWS resources including EC2, S3, ELB, Route 53, CloudWatch, and Dynamo DB.
- Accomplished curtailing **10%** of the incidents by deploying hotfixes and new product features in the Production regularly in collaboration with cross-functional teams.
- Improved overall performance by conducting Daily live operations and Incident response to mitigate issues and ensure a smooth-running infrastructure to avoid downtime for the clients using Kibana and AWS OpenSearch.

Odoo Developer May 2023 - Nov 2023
Odolution Karachi, Pakistan

- Improved relationships and extended contracts with **4 new clients** by creating a better User Experience and improving business performance through customizing Odoo modules as per client's business requirements.
- Cleared the past project backlog by **40%** by collaborating with Odoo functional consultants and developers on the client side which enabled us to move ahead to the next project work.

EXTRA-CURRICULAR ACTIVITIES

- Develop content reviewing the latest trends and their impact on business and markets through case studies.
- Organized multiple sessions in Karachi and villages across Pakistan to spread technology awareness among youth.

LEADERSHIP

Chairperson

May 2018 - Aug 2019

IEEE DSU Student Branch

- **DSU Ignite Event:** Generated **PKR 500,000 in revenue** for the student branch by Organizing a tech **event** consisting of 11 Tech and entertainment modules while having participants from universities across the city.
- **DSU Impulse 1.0:** Organized a hands-on workshop on Industry 4.0, Simulating System Design, and IoT for both students and working professionals.
